Charging

Fully charge the device (can take up to 3 hours) before using for the first time. To charge your device, plug the charging cable into the power adapter or USB port on your Device.

When fully charged, press and hold the side button for 3 seconds to power on the watch.

App Download

Open the watch app download interface, use the scan function or scan the QR code to download the app from the Play Store/App Store.

**Connect****Firmware Upgrade**

The app will notify you of a new firmware version. Open the app interface and select Firmware Upgrade.

Features

Call Function : After connecting the smart watch to the phone, you can use the watch to make and answer phone calls via Bluetooth. You can also view the call history on the watch.

Messages : To utilize this function, it is necessary to establish a connection with the app on your mobile phone. This connection enables you to access and view third-party program messages through the message notification settings.

Sleep : If you wear the Smart Watch in your sleep, it can provide the hours slept and quality of sleep stats

NOTE: Sleep stats are reset to zero at 8:00 pm.

Heart Rate : Measures your current heart rate . 24/7 heart rate monitoring can be enabled in the app . More detailed analysis and data records can be viewed in the app. (Values are for reference only and should not be used as medical advice.)

Sports : Over 100 sports modes including walking, running, outdoor cycling, rope skipping, badminton, basketball, soccer, and hiking . More detailed analysis and data records can be viewed in the app.

Music Control : Slide up on the main interface to enter the main menu, and click Music Control. It includes switching to the previous song/ pause or play/ switching to the next song. You can click based on your own needs.

**Safety Instructions**

1. Although the Smartwatch can detect the real-time dynamic heart rate, it cannot be used for any medical purpose.
 2. Do not place the equipment or its accessories in areas with extremely high or low temperatures.
 3. Avoid strong impact or vibration on the product to avoid damaging the equipment and its accessories and causing equipment failure.
 4. Do not disassemble or modify the equipment and accessories without authorization. In case of equipment failure, please contact after-sales service.
 5. If the equipment is not used for a long time, be sure to recharge the device every three months.
